Recorded Crime per 10,000 population and Resolution rates, for 'Unlawful Takings' Offence Type		28
Population Statistics		29

REPORT NOTES:

Statistics reported in this document are derived from the Police National Intelligence Application (N.I.A) These Official Crime Statistics present a snapshot of data in N.I.A. relating to offences within a given year, as at the date 14 days following the end of that year.

An incident that is reported to or discovered by Police where Police believe an offence is likely to have been committed is counted as a Recorded Offence.

A Recorded Offence is considered to be a Resolved Offence by Police when an offender is identified and dealt with. (E.g. warned, cautioned, prosecuted, etc.)

Resolution Rate is the percentage of Recorded Offences that are resolved.

If an offence is resolved 15 days or more after the end of the year it will not appear in the Official Crime Statistics for that or any other year. Resolution Rate therefore undercounts the number of cases that Police have resolved. This phenomenon has a more marked impact for some types of offences than others, such as offences that require long investigations (E.g. many serial crimes, burglaries and murders).

Legislation changes during 2008/2009 fiscal year have generally had negligible impact on recorded crime statistics. Expanded graffiti legislation under sections 11A and 11B of the Summary Offences Act 1981, have resulted in new offence codes being created to capture some of the graffiti offences more explicitly, and to create a new offence for being in possession of graffiti implements without reasonable excuse.

Statistics for the years 2006, 2007 and 2008 within the Homicide offence class have been revised to remedy discrepancies detected as a result of an internal review of Homicide data.

The offence class description "Alcohol Offences" replaces the description "Sale of Liquor Act 1989" because that class of offences also includes possession and consumption offences under the Local Government Act and the Summary Offences Act as well as the Sale of Liquor Act. However, the offences contained within these offence groupings have not changed.

When comparing 2008/2009 Statistics with previous years, the reader should also refer to "Report Notes" published in previous years' reports, as previous changes significantly affect year on year trends.

Population Data

Population data is used in this release to calculate crime rates. These data are estimated population figures as at 31 December each year. They have been derived from population estimates as at 30 June each year that have been obtained from Statistics New Zealand.

The estimated resident population is based on the census usually resident population count, with adjustments for residents missed or counted more than once by the census (net census undercount), and for residents temporarily overseas on census night.

These population estimates exclude the number of international students who are studying in New Zealand for less than 12 months.

Year	Population
19992000	401,690
20002001	408,375
20012002	418,310
20022003	432,660
20032004	446,300
20042005	457,750
20052006	468,305
20062007	478,685
20072008	488,875
20082009	497,190
