	Southern Canterbury	114-115
	Southland	116-117
	Taranaki Rural	118-119
	Taupo	120-121
	Upper Hutt	122-123
	Waikato East	124-125
	Waikato West	126-127
	Wairarapa	128-129
	Waitakere	130-131
	Wanganui	132-133
	Wellington	134-135
	West Coast	136-137
	Western Bay of Plenty	138-139
	Whangarei	140-141

Population Data		142
-----------------	--	-----

REPORT NOTES:

An incident that is reported to or discovered by Police where Police believe an offence is likely to have been committed is counted as a Recorded Offence.

A Recorded Offence is considered to be a Resolved Offence by Police when an offender is identified and dealt with. (E.g. warned, cautioned, prosecuted, etc.)

Resolution Rate is the percentage of Recorded Offences that are resolved.

Statistics reported in this document are derived from the Police National Intelligence Application (N.I.A) These Official Crime Statistics present a snapshot of data in N.I.A. relating to offences within a given year, as at the date 14 days following the end of that year.

If an offence is recorded or resolved 15 days or more after the end of the year it will not appear in the Official Crime Statistics for that or any other year. Resolution Rate, in particular, therefore undercounts the number of cases that Police have resolved. This phenomenon has a more marked impact for some types of offences than others, such as offences that require long investigations (E.g. many serial crimes, burglaries and murders).

The following changes legislation changes may have impacted on recorded crime statistics in 2004/2005:

Act	Classes Affected
The Crimes Amendment Act 2005	Sexual Attacks, Abnormal Sex, and Immoral Behaviour Classes
Gambling Act 2003	Gaming Class
The Maritime Security Act 2004	Immigration Class
The Criminal Records (Clean Slate) Act 2004	Justice (Special) Class.
Sentencing Amendment Act 2004 and the Parole (Extended Supervision) Amendment Act 2004	Justice (Special) Class.
The Secondhand Dealers and Pawnbrokers Act 2004	Justice (Special) Class (new offences). Fraud & Against Justice (obsoleted offences)

When comparing 2004/2005 Statistics with 2003/2004 and previous years, the reader should also refer to "Report Notes" published with the 2003/2004 Statistics, as changes during 2003/2004 significantly affect year on year trends.

Population data is used in this release to calculate crime rates. These data are estimated population figures as at 31 December each year. They have been derived from population estimates as at 30 June each year that have been obtained from Statistics New Zealand.

The estimated resident population is based on the census usually resident population count, with adjustments for residents missed or counted more than once by the census (net census undercount), and for residents temporarily overseas on census night.

These population estimates exclude the number of international students who are studying in New Zealand for less than 12 months.
