

Police Statistics 2001

A summary of Recorded and Resolved Offences

**Office of the Police Commissioner
March 2002**

NOTES

Source Data

The Data Warehouse contains partial data from 1996, with the first full year of data in 1997. Data for years prior to 1996 is drawn from other sources and has not been included in this report. Reference should be made to previous reports should data prior to 1997 be required.

Population Statistics

Population Statistics are provided by Statistics New Zealand.

Note that there was a change in population counting method in 1990.

Population estimates for 1991 - 2001 are based on the resident population concept and are not strictly comparable with estimates for earlier years, which are based on the de facto population concept.

Resident estimates are based on the number of New Zealand residents in New Zealand on census night adjusted for the estimated undercount at the 1996 Census and the estimated number of New Zealand residents temporarily overseas on Census night.
