REPORT NOTES:

An incident that is reported to or detected by Police where Police believe an offence is likely to have been committed is counted as a Recorded Offence.

A Recorded Offence is considered to be a Resolved Offence by Police when an offender is identified and dealt with. (E.g. warned, cautioned, prosecuted, etc.)

Resolution Rate is the percentage of Recorded Offences that are resolved.

Statistics reported in this document are derived from the Police National Intelligence Application (N.I.A) These Official Crime Statistics present a snapshot of data in N.I.A. relating to offences within a given year, as at the date 14 days following the end of that year.

If an offence is resolved 15 days or more after the end of the year it will not appear in the Official Crime Statistics for that or any other year. Resolution Rate therefore undercounts the number of cases that Police have resolved. This phenomenon has a more marked impact for some types of offences than others, such as offences that require long investigations (E.g. many serial crimes, burglaries and murders).

From time to time, changes occur to categorisation of offences. Reasons for these changes include new legislation or the desire to gain more specificity in statistics for certain types of offences. Caution should therefore be observed when interpreting step-increases and decreases in the number of recorded offences of a certain type.

The following recent legislation changes may have impacted on recorded crime statistics for 2005:

Act	Classes Affected
Corrections Act 2004	Justice (Special) Class (new offences). Against Justice Class (obsolete offences).
Care of Children Act 2004	Family Offences (Contd.) Class (new offences). Family Offences (obsolete offences)
Misuse of Drugs Amendment Act 2005	Drugs (new drugs) class
Crimes Amendment Act 2005	Sexual Attacks, Abnormal Sex, and Immoral Behaviour Classes
Gambling Act 2003	Gaming Class
Criminal Records (Clean Slate) Act 2004	Justice (Special) Class
Second Hand Dealers and Pawnbrokers Act 2004	Justice (Special) Class (new offences), Fraud & Against Justice Classes (obsolete offences)

When comparing 2005 Statistics with 2004 and previous years, the reader should also refer to "Report Notes" published with the 2004 Statistics, as changes during 2004 significantly affect year on year trends.

Population Data

Population data is used in this release to calculate crime rates. These data are estimated population figures as at 30 June each year obtained from Statistics New Zealand.

The estimated resident population is based on the census usually resident population count, with adjustments for residents missed or counted more than once by the census (net census undercount), and for residents temporarily overseas on census night.

These population estimates exclude an increasing number of international students who are studying in New Zealand for less than 12 months.

Year	Population
