

PROACTIVE INFORMATION	
Family Harm Statistics during COVID-19	
Deadline: NA	Date of Response: 6 April 2020

Purpose

1. The below data is a review of the review of reported family harm incidents that involve alcohol and drugs during the first week of the Alert Level 4 lockdown.
2. Also included are the previous weekly figures ending Wednesday 25 March 2020.
3. Please note at this early stage with this small data set there seems to be very little change between the two weeks, in regards to alcohol and drugs being involved. However, it does show this week's total reported family harm matters increased compared to the previous week.
