Email: ██████████

Tēnā koe ██████

I am writing to you in response to your request dated 7 February 2020. You asked:

In 2018, I received an OIA showing gun offence data for 10 years, to the end of 2017. I'd like to get an update on that data, from the beginning of 2018 until now.

Could I get the following, broken down by region and month, between January 2018 and January 2020.

- Occurrences with firearms-related offences
- Occurrences with firearms-related offences per 100,000 estimated residents
- Occurrences with firearms-related offences where an injury was recorded
- Occurrences with firearms-related offences and murder or manslaughter with a firearm

██████████ the data in a fully searchable excel file.

The previous response you received was our reference IR-01-18-10187.

Provided in the attached spreadsheet is the number of occurrences that took place between 1 Jan 2018 and 31 Mar 2020 and involved any firearms-related offences (both violence and Arms Act offences). The numbers are listed by scene district and occurrence year and month. The rate by 100,000 population is calculated from the monthly population estimate for each month for each District.

For your information, Police has developed a process for proactive release of information, so the anonymised response to your request may be publicly released on the New Zealand Police website.

Yours sincerely

Mike McIlraith
Acting Superintendent
Arms Act Service Delivery Group

Police National Headquarters

180 Molesworth Street. PO Box 3017, Wellington 6140, New Zealand.
