

This table shows the number of incidents that have occurred in each District, shown month by month, with a YTD total for each month. For example, Auckland City District received 30 incident reports in February, with a total number of incidents received at the end of February of 73.

It is to be noted that numbers of staff vary between districts, and this will be reflected in the varying numbers of complaints in each district.

Jan – Mar 2024													
Districts		Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Auckland City		43	30	34									
	YTD		73	107									
Bay Of Plenty		36	34	49									
	YTD		70	119									
Canterbury		57	53	77									
	YTD		110	187									
Central		33	26	45									
	YTD		59	104									
Counties/Manukau		34	35	52									
	YTD		69	121									
Eastern		25	18	32

YTD		80	127									
Totals (with Service Centres)	436	397	548									
Total YTD		833	1,381									

Disclaimer

The information contained in this release is based on data extracted from a continuously expanding operational database, with the earliest record dating from January 1984. The current more efficient database application was introduced on 1 July 2009, and improved data structures were gradually and continuously introduced from December 2010 onwards. Therefore, not all the data is reliable and may result in omissions and/or errors, especially prior to 2011. The data is dynamic and subject to change as new information is received. While quality assurance has been undertaken on some low-volume critical incident types (e.g., Police use of firearms resulting in injury or death), and reviews are undertaken of database records as and when anomalies are identified, quality assurance of all the data would require the manual checking of many thousands of hard copy and electronic files, which is beyond the resources available to NZ Police.
