

Public Survey Results - April 2023

Source: Curia Market Research Police Poll 23 – 30 March 2023. Sample: Random selection from 10,000 nationwide phone numbers. 1000 adult respondents; phone (750) or via Internet panel (250). Plus 50 booster sample for Māori respondents (internet panel for 1050 total). Results weighted to reflect adult population (age, gender, ethnicity, area). Maximum sampling error +/- 3.0% at 95% confidence level.

DIRECTION

Overall, do you think New Zealand Police as an organisation is heading in the right direction?

50% agreed Police is going in right direction, compared to 55% in Sep 2022 and 58% in March 2022

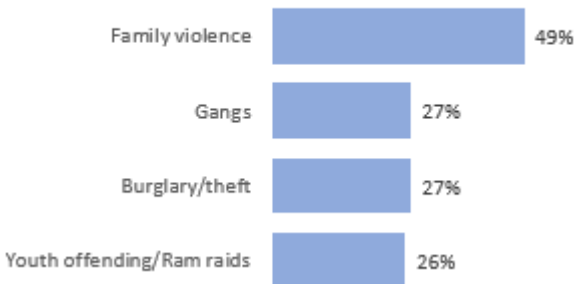

PUBLIC PERCEPTIONS – IS POLICE FOCUSED ON THE RIGHT THINGS?

To what extent (0 – 10) do you believe Police are currently focused on the right things to keep people, property and communities safe?

Which 3 areas would you like Police to have more of a focus on, if any?

TOP FOUR FOR GREATER FOCUS
